

GREEN SHIPPING PROJECTS

EMFF PORTFOLIO: 2014-2020

The European Maritime and Fisheries Fund (EMFF) promoted innovative solutions to make the blue economy more sustainable and carbon-neutral in line with the European Green Deal's objectives. EMFF supported skills and technology in 20 green shipping projects.

The European Maritime, Fisheries and Aquaculture Fund (EMFAF) runs from 2021 to 2027. It supports through Seabasin Strategies:

- Green shipping in the Western Mediterranean Region
- Ports in the Atlantic Region
