

OCEAN HEALTH AND OBSERVATION PROJECTS

EMFF PORTFOLIO: 2014-2020

€12.2 MILLION
EU CONTRIBUTION

16 PROJECTS

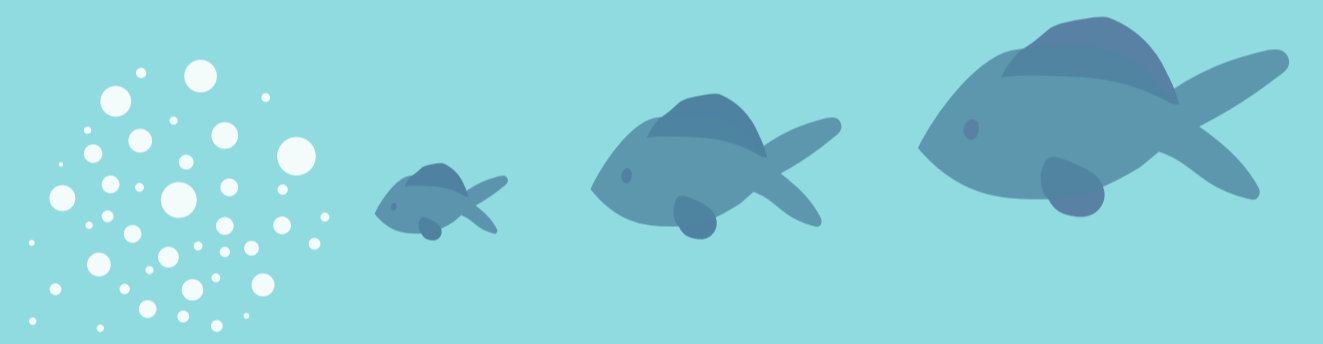

19
EU AND NON-EU
COUNTRIES

For sustainable blue economy to thrive, marine ecosystems need to be preserved and monitored. Through Ocean Health and Observation projects, the European Union protects the environment and the EU's economy. The **16 projects** funded by the European Maritime and Fisheries Fund (EMFF) target a variety of environmental challenges the ocean and seas face today.

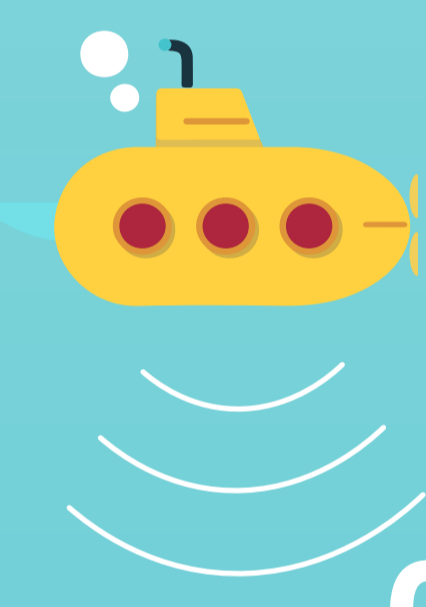

Hazardous Event
Prevention
SpILeSS

Chemical Pollution
Reduction
MER-CLUB

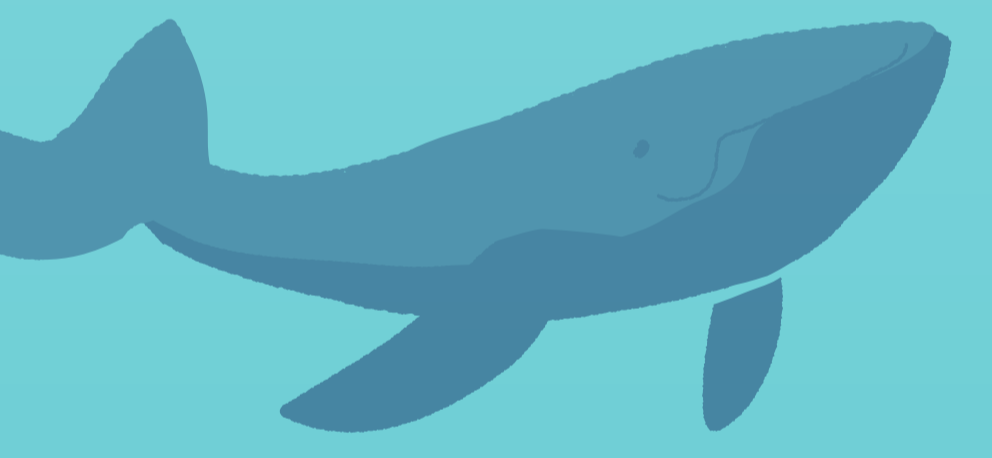

Marine Litter Reduction
BLUeNET, NetTag, OCEANETS,
MarGnet, AQUA-LIT, LitterDrone

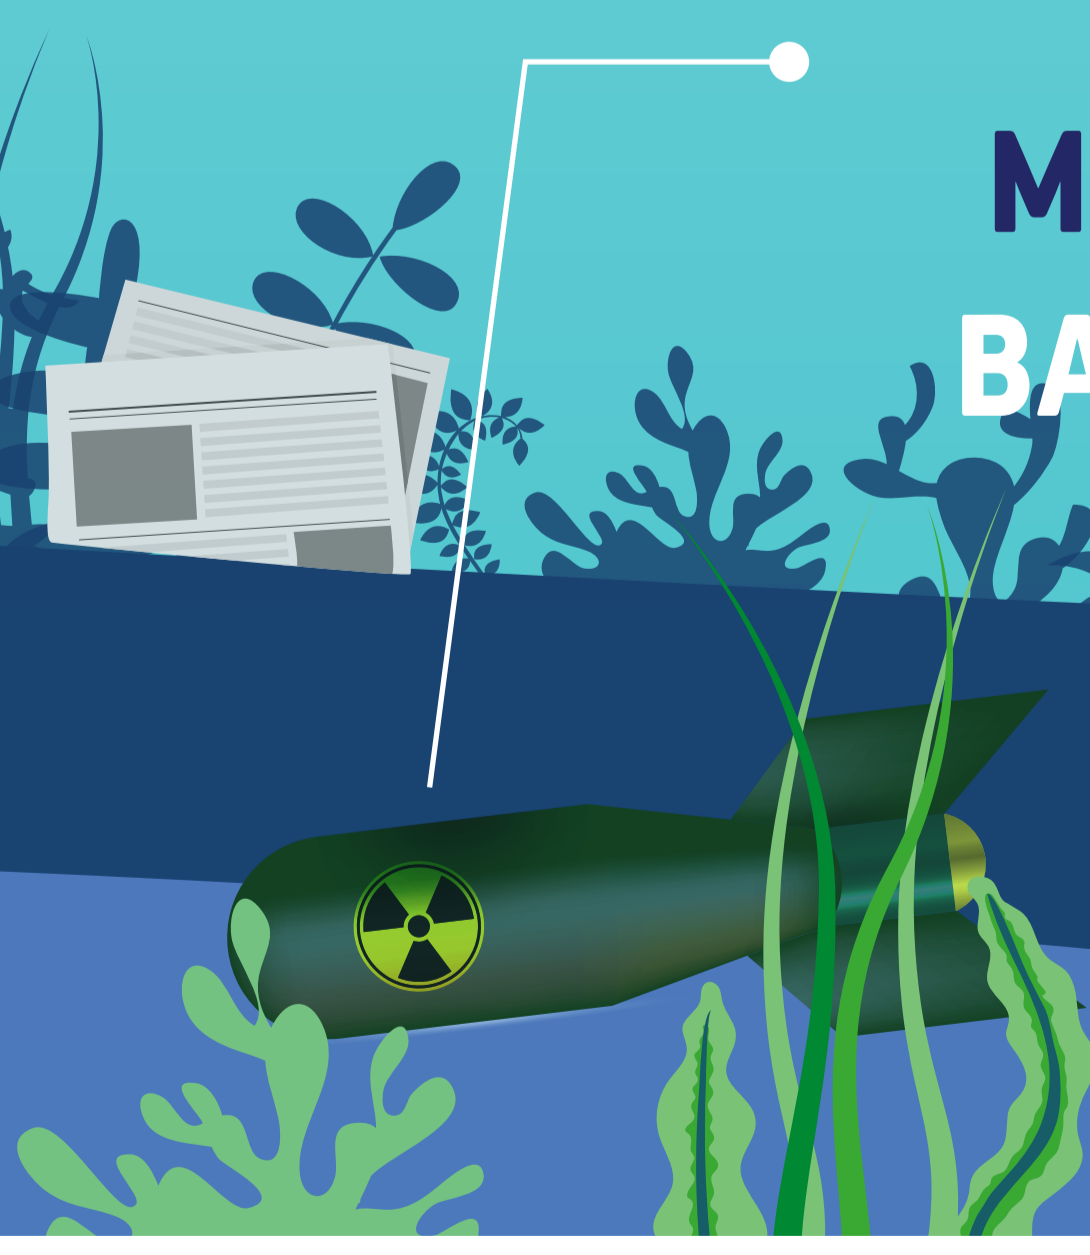

Data Collection
OCEANMET, FLEETUSV

Algae Forest Restoration
AFRIMED

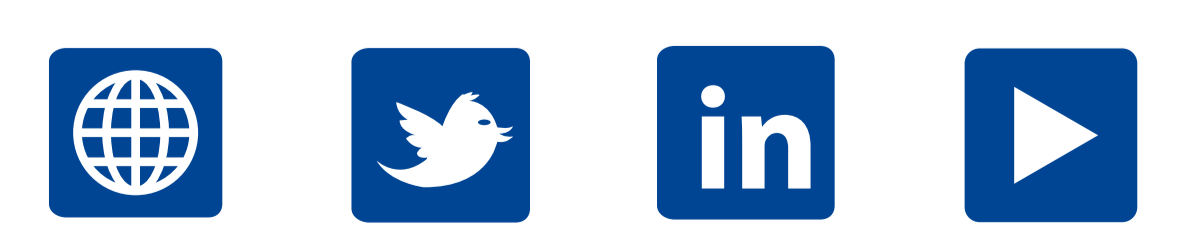

Unexploded
Munitions (UXO)
BASTA, ExPloTect

Wave Energy Environmental
Monitoring
SEA Wave, WESE, SafeWAVE

European Climate, Infrastructure and Environment Executive Agency (CINEA)
