Personalised services

The Funding & Tenders Portal allows each user to have access to a personalised space, based on 3 main elements:

1. Each user is supposed to have a **unique EU Login account**, which is the **unique identifier for persons** (linked to their professional email address).

2. Each EU Login account is linked to one (or more) **PIC number**(s), which are the **unique identifier for organisations**.

3. Each EU Login account is linked to all the roles that the user has in projects and/or organisations through IAM.
   One user can have as many roles as necessary.

Participant Register

Need help?

If you want to participate in a project proposal or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

Register your organisation

You can suspend the registration process at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section. Incomplete draft registrations are automatically deleted after one year.

Welcome to the Participant's Register
The Registration Wizard will guide you through the process of registration.
✔ Please keep the basic legal information (Registration extract, VAT data) of the organisation at hand so you can fill in the forms quickly and correctly.
✔ The registration process normally takes about 5-10 minutes to complete. The system will automatically save the information provided during registration in case you want to exit the wizard. Your data will be restored the next time you will access the Participant's Register.
✔ At the end, it will assign and display the PIC (Participant Identification Code) of your organisation.

Participant Register

Important remarks:

- **Registering an organisation requires an EU Login account**
- **The person who registers an organisation receives the Self-Registrant role:** this person is the contact person with the Commission services for this organisation until a LEAR is appointed
- When the registration is completed, the PIC number is provisional, meaning that the **submitted data then needs to be validated by the Validation Services**
- The validation of the organisation is only triggered once the organisation is part of a successful proposal; it is then flagged in the system with the Grant Signature date for the Validation Services to operate
- **All contact with the Validation Services must take place inside the Participant Register**

The Identity and Access Management

- The **I**dentity and **A**ccess **M**anagement allows the management of **access rights of users of the Funding & Tenders Portal**.

- It gives **a personalised and secure access to the different services** of the Funding & Tenders Portal.

- Minimum involvement by the Commission/Agency staff allowing for **flexibility in the online management of the consortium**.

- **Any change in the roles of the users is saved** to allow a monitoring & tracking service.

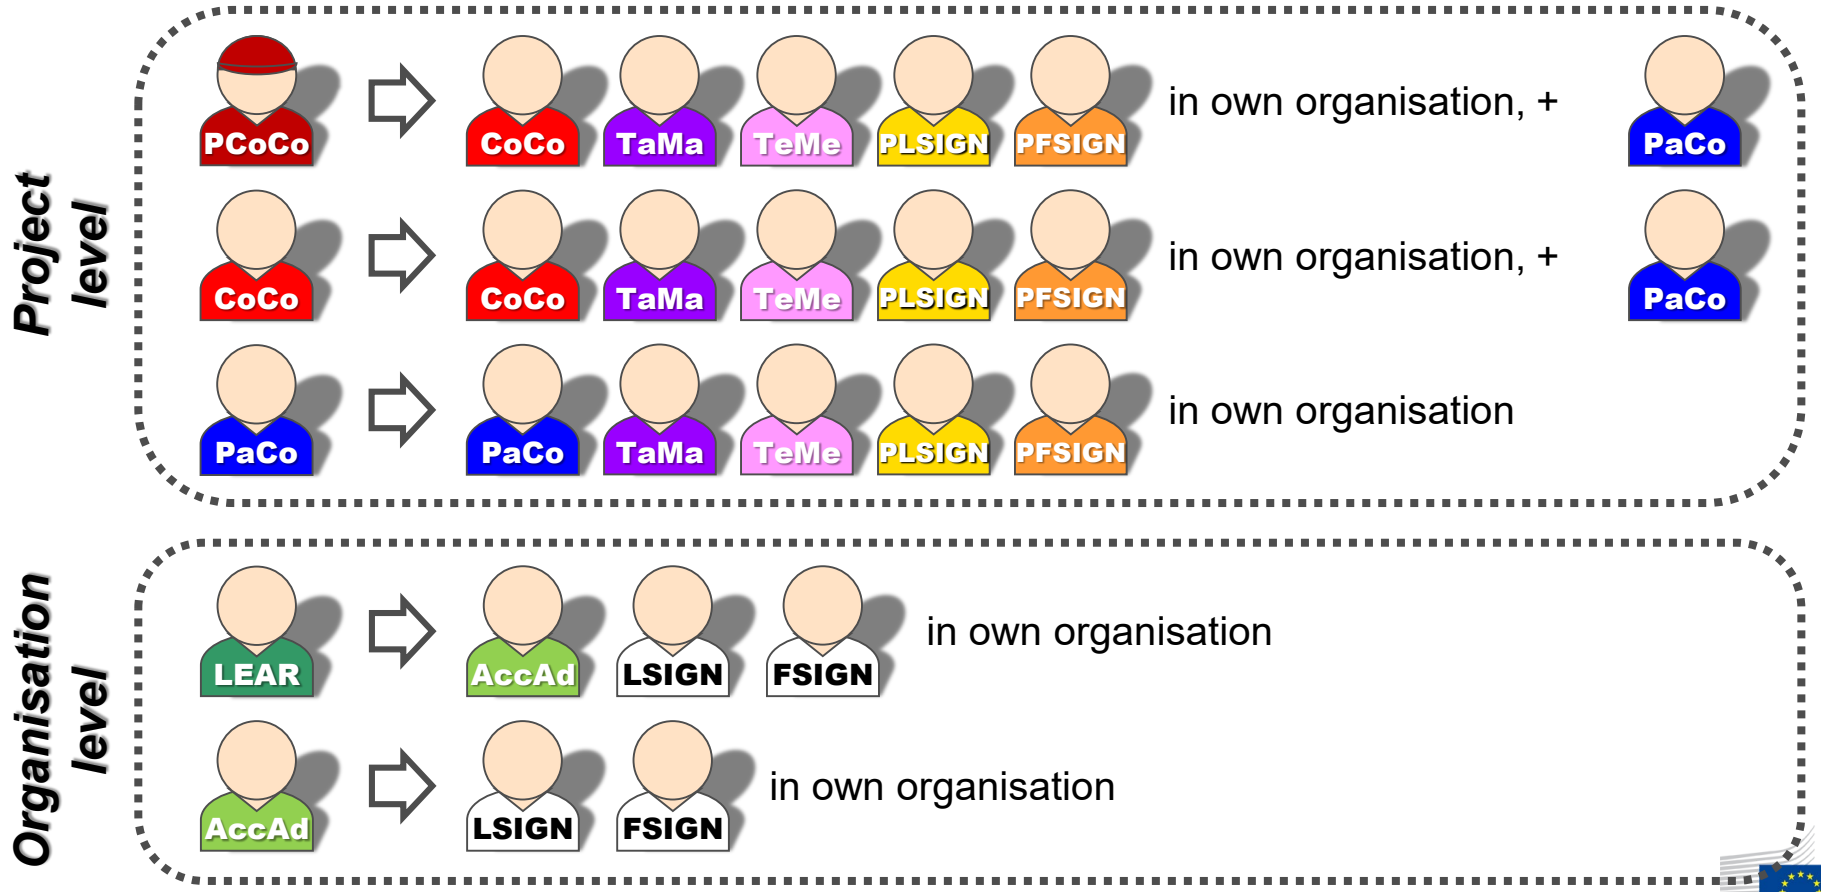
The nomination process: “Original roles”

Some roles are automatically provisioned in the early stages of the Project (“original roles”) as follows:

- The **proposal initiator in the proposal submission phase** will automatically be recognised by the Commission as the **Primary Coordinator Contact**.
- The **"Main Contacts" of the participating organisations** identified during **proposal submission** will become **Participant Contacts** at the beginning of the grant preparation.
- The **LEAR is validated by the Commission** during the validation process of his/her organisation.

Additional information about the LEAR appointment: https://webgate.ec.europa.eu/funding-tenders-opportunities/UKIAc

The nomination/revocation process



The nomination/revocation process: how to nominate/revoke someone?

To grant a role, the e-mail address of the "new user" will have to be filled in; **this e-mail address should be the same as the one used for the EU Login account** of the "new user".

If this "new user" has no EU Login account, he/she will automatically receive an invitation to create his/her EU Login account.

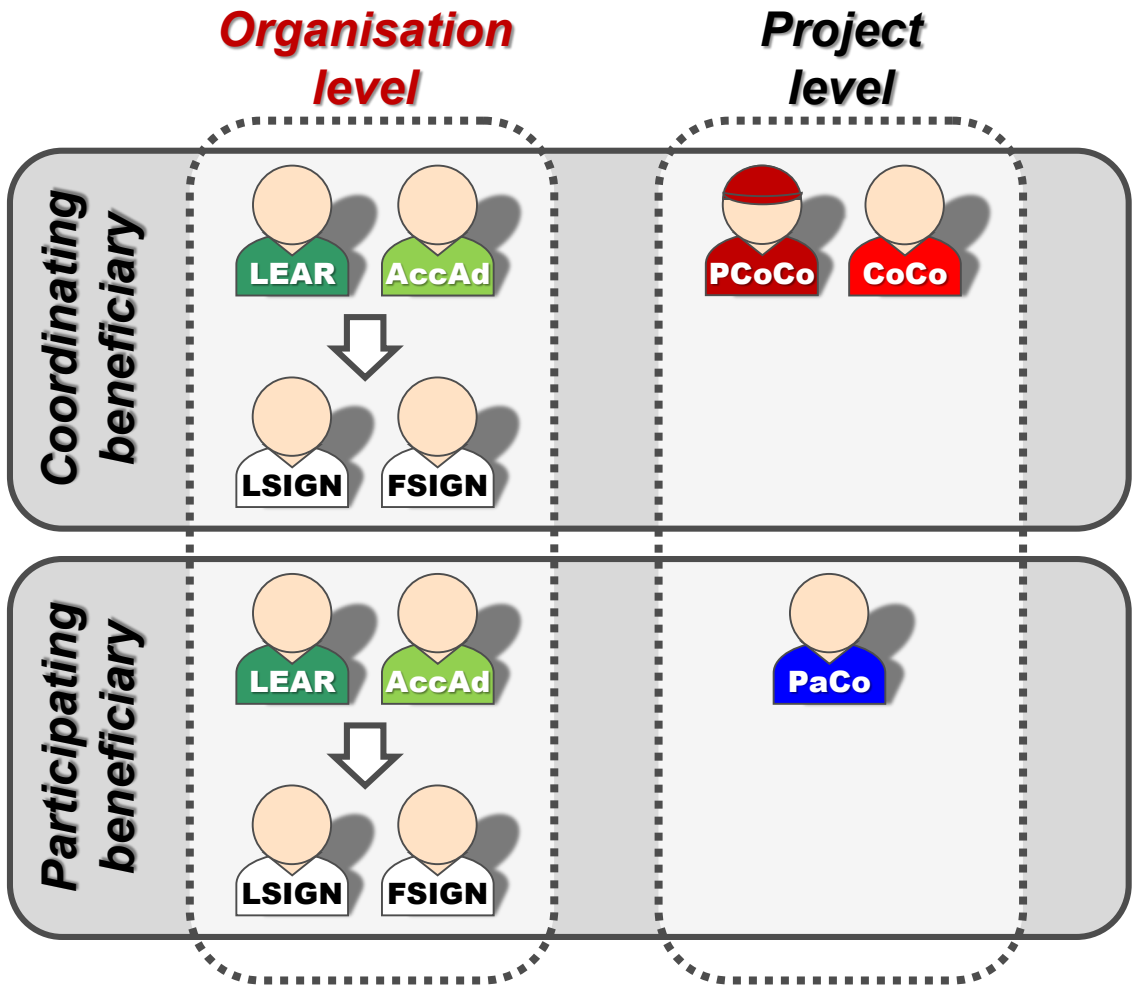
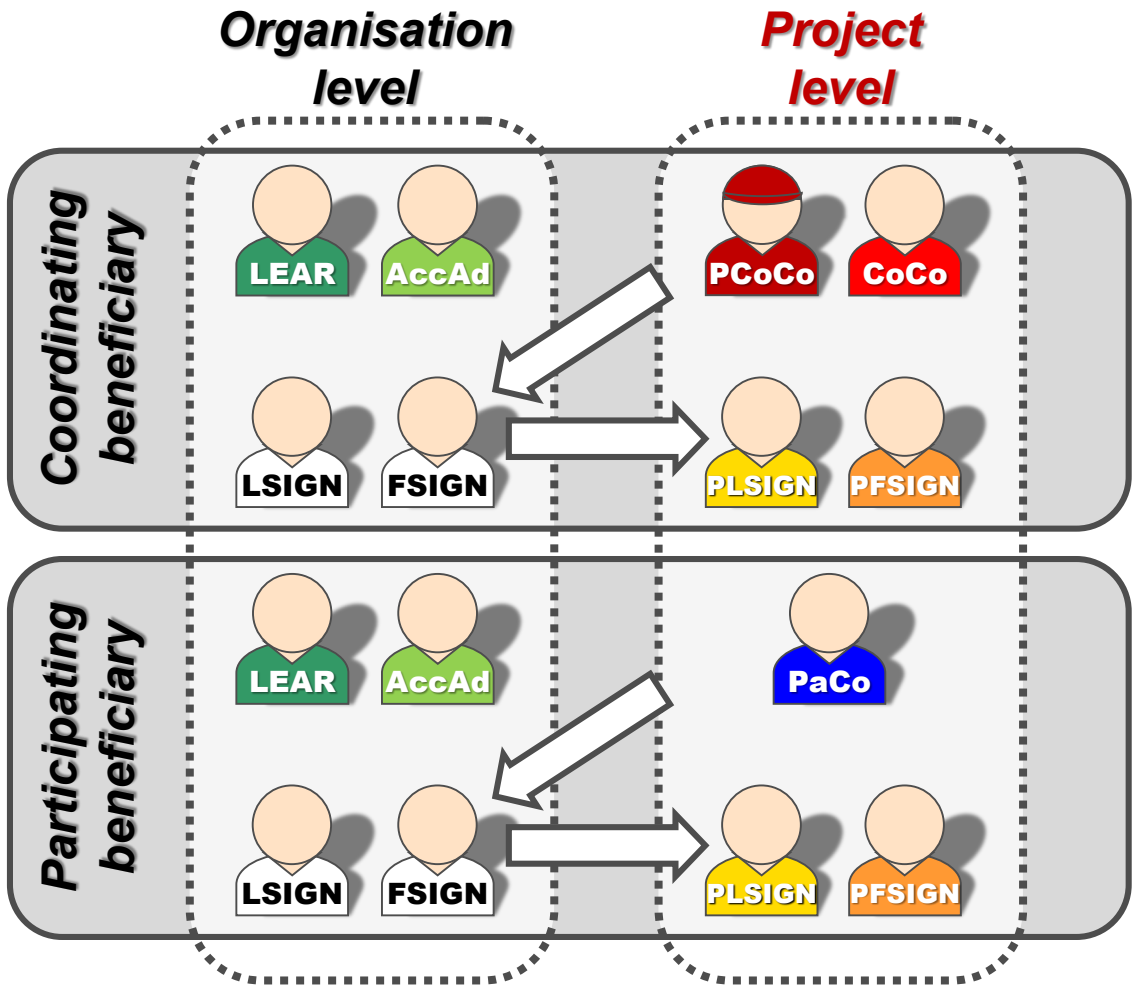
The nomination process: LSIGN/FSIGN



1. The **LEAR (or Account Administrators)** nominate as many LSIGNs / FSIGNs as they want.

   At this stage, the FSIGN cannot do anything, while the LSIGN has read-only access to the organisation's data and lists of projects, proposals & roles.

The nomination process: LSIGN/FSIGN



2. The **(Primary) Coordinator Contacts / Participant Contacts** need to assign to their project as many LSIGNs / FSIGNs for their own organisation as needed.

   The PLSIGN and PFSIGN now have their own access to the tools.

Description

The Fraunhofer-Gesellschaft is the leading organization for applied research in Europe. Its research activities are conducted by 69 institutes and research units at locations throughout Germany. The Fraunhofer-Gesellschaft employs a staff of 24,500, who work with an annual research budget totaling 2.1 billion euros. Of this sum, 1.9 billion euros is generated through contract research. More than 70 percent of the Fraunhofer-Gesellschaft's contract research revenue is derived from contracts with industry and from publicly financed research projects. International collaborations with excellent research partners and innovative companies around the world ensure direct access to regions of the greatest importance to present and future scientific progress and economic development.

What to do in case of spam and phishing related to the Funding & Tenders Portal?

From time to time spam and phishing occur. Several types of spam and phishing can be distinguished:

1. phishing attempts pretending to come from the Funding & Tenders Portal, asking for vital personal and financial data such as ID or bank account details. Such e-mails may also ask you to click on a link or download an attachment to update your pertinent information there;
2. spam looking identical to Funding & Tenders Portal notifications but not actually stemming from the Funding & Tenders Portal;
3. inappropriate use of the Funding & Tenders Portal contact function to send unsolicited messages regarding commercial services.

Your first action against spam and phishing is to be vigilant. Protect yourself by keeping the following in mind:

1. The Funding & Tenders Portal will never ask you to send important personal and financial information via email. When logging on to the Funding & Tenders Portal, check that you use the default URL address https://ec.europa.eu/info/funding-tenders/opportunities/portal/ as the starting point and the page links where you introduce the personal and financial data start with https://ec.europa.eu/research/
2. Ignore phishing messages. Do not be coerced into following their instructions simply because they have threatened you that something will happen to your account or to your application for EU funding if you do not respond.
3. Exercise caution when opening attachments or downloading files. These may contain viruses or software that may pose security threats to your computer.
4. Update your user password regularly. Do not use passwords that can be easily attributed to you such as your name or birthday.

Report any suspicion of a phishing incident to us via our IT Service Desk.

Paperless submission

- LEAR nominates a list of persons authorised to sign legal & financial statements
- Only these persons get access to the "**Sign and submit**" function in the tool
- "Sign and submit" triggers the creation of an **eReceipt** that is stored in the electronic project archive
- All persons needing to know (including the LEAR) are **notified** on the transaction and have access to the eReceipt

Value of the eReceipt

- Electronic receipt = **digitally signed PDF version of the submitted document**.
- Both the content of the document and a set of metadata (time stamp, EU Login credentials of submitter) are digitally sealed.
- The digital signature mechanism, using a public-private key pair mechanism, uniquely binds the eReceipt to the transaction and **ensures its full integrity**. Therefore a **complete digitally-signed trail of the transaction is available** both for the beneficiaries and the Commission.
- **Any attempt to modify the content will lead to a break of the integrity of the electronic signature**, which can be verified at any time by clicking on the signature in the PDF document.
- The eReceipt is stored in the project archive where it **can be downloaded at any time by any actor in the project** and stored on other electronic media.
