

#LIFE4Nature

# BRINGING NATURE BACK THROUGH *Life*

PROBLEMS

81%

of the EU's protected habitats need improvement

63%

of Europe's plant and animal species need our help

39%

of birds are at risk

SOLUTIONS

€3

billion in funding for 1 800 nature projects since 1992

6 000

Natura 2000 sites covered

750

species targeted by LIFE projects

Using drones to locate litter

Insulating power lines & installing bird flight diverters

Grassland management

Building green infrastructure for invertebrates

Identifying and managing EU Natura 2000 protected sites

Building fish passes

Installing plastic collection systems

Planting saplings in forests

Rewetting peatlands

Building artificial islands on wetlands

Monitoring the marine environment
