

# ***European Framework Programme for R&I - Innovation Fund Synergies Workshop***

# WELCOME

Wednesday 8 February 2023  
Online 09:30 - 13:15 CET

*#Synergies #H2020 #HorizonEU #InnovationFund*

# Programme of the day

09:30 AM - 09:45 AM CET

## Welcome & Opening

Welcome

- Paloma ABA GARROTE - Acting Director, CINEA
- General high-level opening remarks:
- Clara DE LA TORRE - Deputy Director General, DG CLIMA
  - Joanna DRAKE - Deputy Director General, DG RTD

09:45 AM - 09:55 AM CET

## QUICK BREAK

09:55 AM - 10:15 AM CET

## Rationale for Workshops & Synergies Strategy

Explaining overall importance & policy priority of synergies between EU funding programmes. Overview of specific actions taken so far to promote synergies between R&I results and the Innovation Fund

- Alan HAIGH - Senior Expert, Policy Adviser – Horizon Europe, Deputy Director-General: Implementation, Impact & Sustainable Investment Strategies, DG RTD
- Jose JIMENEZ MINGO - Policy Officer, Low Carbon Solutions (II): Research & Low Carbon Technology Deployment, DG CLIMA

10:15 AM - 11:15 AM CET

## Innovation Fund

General overview of funding opportunities at the Innovation Fund. Lessons learnt from past calls

- Maria VELKOVA - Acting Head of Unit, Low Carbon Solutions (II): Research & Low Carbon Technology Deployment, DG CLIMA
  - Roman DOUBRAVA – Head of Unit, Innovation Fund, CINEA
- Presentation of H2020 projects that have successfully benefitted from Innovation Fund support
- ANRAV – Jan THEULEN
  - CarbFix – Ragna Bjork BRAGADOTTIR
- Questions and answers

11:15 AM - 11:20 AM CET

## Overview of Horizon 2020 Portfolio

Presentation of where/in which areas of the Horizon 2020 project portfolio sees the most scope for synergies with the Innovation Fund

Overview/breakdown of projects of attending participants & how participants will be split into breakout rooms

- Philip HAWKINS - Policy Officer, Low Carbon Solutions (II): Research & Low Carbon Technology Deployment, DG CLIMA

11:20 AM - 11:30 AM CET

## QUICK BREAK

11:30 AM - 12:30 PM CET

## Parallel Breakout Sessions - Overall introduction

- Session 1: Low-carbon technologies in energy-intensive industries & Carbon capture, use and storage (CCUS)
- Session 2: Renewable energy generation
- Session 3: Energy storage & hydrogen

12:30 PM - 12:35 PM CET

## QUICK BREAK

12:35 PM - 01:05 PM CET

## Closing session - Key conclusions

Summary of the key conclusions of each session

01:05 PM - 01:15 PM CET

## Closing Remarks

Overall conclusions & next steps

- Alexandre RAQUOT - Director, Innovation for a Low Carbon, Resilient Economy, DG CLIMA
