## Application preparation hints:

- Plan and stick to the timetable for working on the proposal – it always takes more time than initially planned!
- Involve stakeholders from the very beginning
- Read application form carefully; keep to the call requirements
- Be clear in your concept – ask people (not involved in the writing process) to read it!

# Project realisation

## Project implementation hints:

- Stick to the timetable
- Communicate with the project partners
  - additional monthly meetings
- Communicate with the project advisor if you faced any problems
  - read the GA
  - ask if something is not clear
  - inform your project advisor

**Good luck!**
