CONNECTING EUROPE FACILITY (CEF) – Transport grants 2014-2020

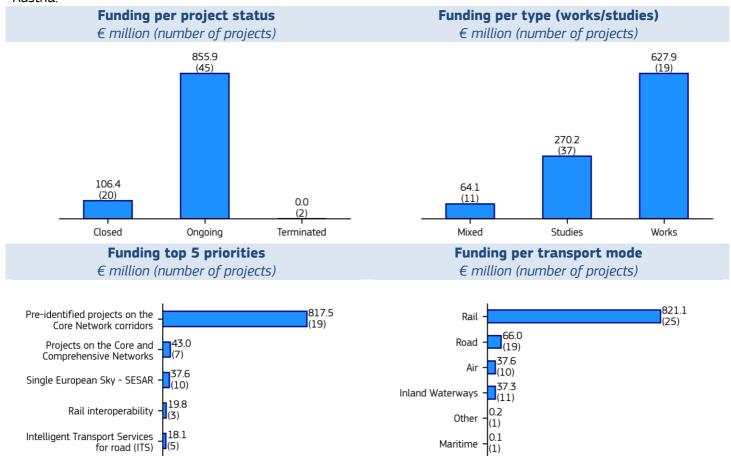

Key facts and figures

Overview of projects with beneficiaries from Austria

Beneficiaries from Austria participate in **67 projects** and receive **€962.3 million in CEF-Transport co-funding**, with investments in these projects of **€**2.8 billion. Out of these, **61** are located in Austria.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Austria. For details on such projects please refer to the list of projects with beneficiaries from Austria.

Overview of additional projects located in Austria

Additionally 4 projects are located in Austria but without the involvement of beneficiaries from Austria. These projects correspond to a total of \in 62.7 million of CEF-Transport funding and a total investment of \in 242.6 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Austria. For details on such projects please refer to the list of projects located in Austria without beneficiaries from Austria.

Overview of projects with beneficiaries from Belgium

Beneficiaries from Belgium participate in **92 projects** and receive \in **784.6 million in CEF-Transport co-funding**, with investments in these projects of \in **2.1** billion. Out of these, 86 are located in Belgium.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Belgium. For details on such projects please refer to the list of projects with beneficiaries from Belgium.

Overview of additional projects located in Belgium

Additionally 17 projects are located in Belgium but without the involvement of beneficiaries from Belgium. These projects correspond to a total of \in 170.0 million of CEF-Transport funding and a total investment of \in 768.0 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Belgium. For details on such projects please refer to the list of projects located in Belgium without beneficiaries from Belgium.

Key facts and figures

Overview of projects with beneficiaries from Denmark

Beneficiaries from Denmark participate in **41 projects** and receive **€867.3 million in CEF-Transport co-funding**, with investments in these projects of €2.6 billion. Out of these, 36 are located in Denmark.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Denmark. For details on such projects please refer to the list of projects with beneficiaries from Denmark.

Overview of additional projects located in Denmark

Additionally 5 projects are located in Denmark but without the involvement of beneficiaries from Denmark. These projects correspond to a total of \in 79.1 million of CEF-Transport funding and a total investment of \in 363.4 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Denmark. For details on such projects please refer to the list of projects located in Denmark without beneficiaries from Denmark.

Key facts and figures

Overview of projects with beneficiaries from France

Beneficiaries from France participate in **156 projects** and receive **€2.0 billion in CEF-Transport co-funding**, with investments in these projects of €5.8 billion. Out of these, 149 are located in France.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from France. For details on such projects please refer to the list of projects with beneficiaries from France.

Overview of additional projects located in France

Additionally 9 projects are located in France but without the involvement of beneficiaries from France. These projects correspond to a total of \in 102.3 million of CEF-Transport funding and a total investment of \in 445.2 million. These amounts correspond to the total budget of those actions and not only to the share benefiting France. For details on such projects please refer to the list of projects located in France without beneficiaries from France.

CONNECTING EUROPE FACILITY (CEF) – Transport grants 2014-2020

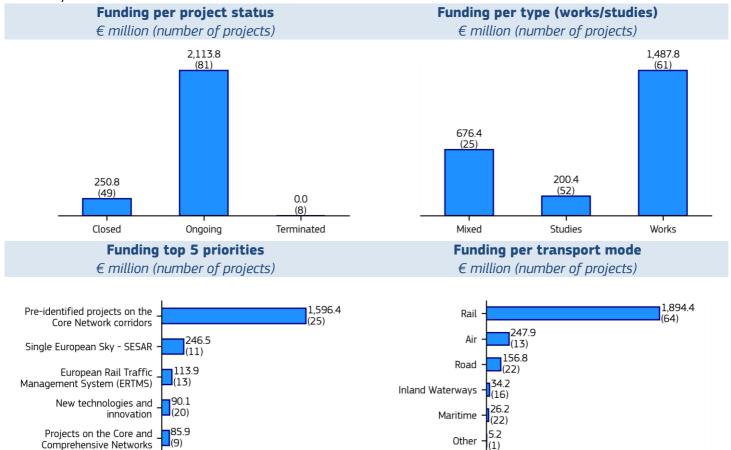

GERMANY

Key facts and figures

Overview of projects with beneficiaries from Germany

Beneficiaries from Germany participate in **138 projects** and receive **€2.4 billion in CEF-Transport co-funding**, with investments in these projects of **€7**.1 billion. Out of these, 132 are located in Germany.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Germany. For details on such projects please refer to the list of projects with beneficiaries from Germany.

Overview of additional projects located in Germany

Additionally 19 projects are located in Germany but without the involvement of beneficiaries from Germany. These projects correspond to a total of \in 154.6 million of CEF-Transport funding and a total investment of \in 637.5 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Germany. For details on such projects please refer to the list of projects located in Germany without beneficiaries from Germany.

Key facts and figures

Overview of projects with beneficiaries from Greece

Beneficiaries from Greece participate in **42 projects** and receive **€615.7 million in CEF-Transport co-funding**, with investments in these projects of **€**953.6 million. Out of these, 40 are located in Greece.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Greece. For details on such projects please refer to the list of projects with beneficiaries from Greece

Overview of additional projects located in Greece

Additionally 3 projects are located in Greece but without the involvement of beneficiaries from Greece. These projects correspond to a total of \in 56.3 million of CEF-Transport funding and a total investment of \in 75.8 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Greece. For details on such projects please refer to the list of projects located in Greece without beneficiaries from Greece.

Key facts and figures

Overview of projects with beneficiaries from Hungary

Beneficiaries from Hungary participate in **50 projects** and receive **€1.1 billion in CEF-Transport co-funding**, with investments in these projects of **€1.3** billion. Out of these, 47 are located in Hungary.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Hungary. For details on such projects please refer to the list of projects with beneficiaries from Hungary.

Overview of additional projects located in Hungary

Additionally 2 projects are located in Hungary but without the involvement of beneficiaries from Hungary. These projects correspond to a total of \in 7.2 million of CEF-Transport funding and a total investment of \in 14.4 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Hungary. For details on such projects please refer to the list of projects located in Hungary without beneficiaries from Hungary.

IRELAND

Key facts and figures

Overview of projects with beneficiaries from Ireland

Beneficiaries from Ireland participate in **30 projects** and receive **€116.2 million in CEF-Transport co-funding**, with investments in these projects of €433.2 million. Out of these, 28 are located in Ireland.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Ireland. For details on such projects please refer to the list of projects with beneficiaries from Ireland.

Overview of additional projects located in Ireland

Additionally 3 projects are located in Ireland but without the involvement of beneficiaries from Ireland. These projects correspond to a total of \in 44.3 million of CEF-Transport funding and a total investment of \in 205.9 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Ireland. For details on such projects please refer to the list of projects located in Ireland without beneficiaries from Ireland.

Key facts and figures

Overview of projects with beneficiaries from Latvia

Beneficiaries from Latvia participate in **15 projects** and receive **€413.0 million in CEF-Transport co-funding**, with investments in these projects of €508.4 million. Out of these, 15 are located in Latvia.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Latvia. For details on such projects please refer to the list of projects with beneficiaries from Latvia.

Overview of additional projects located in Latvia

Additionally 3 projects are located in Latvia but without the involvement of beneficiaries from Latvia. These projects correspond to a total of \in 74.1 million of CEF-Transport funding and a total investment of \in 354.9 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Latvia. For details on such projects please refer to the list of projects located in Latvia without beneficiaries from Latvia.

CONNECTING EUROPE FACILITY (CEF) – Transport grants 2014-2020

Overview of projects with beneficiaries from Poland

Beneficiaries from Poland participate in **67 projects** and receive **€4.3 billion in CEF-Transport co-funding**, with investments in these projects of **€6.1** billion. Out of these, 64 are located in Poland.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Poland. For details on such projects please refer to the list of projects with beneficiaries from Poland.

Overview of additional projects located in Poland

Additionally 9 projects are located in Poland but without the involvement of beneficiaries from Poland. These projects correspond to a total of \in 120.2 million of CEF-Transport funding and a total investment of \in 525.5 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Poland. For details on such projects please refer to the list of projects located in Poland without beneficiaries from Poland.

Key facts and figures

Overview of projects with beneficiaries from Portugal

Beneficiaries from Portugal participate in **57 projects** and receive **€719.5 million in CEF-Transport co-funding**, with investments in these projects of **€1.3** billion. Out of these, 56 are located in Portugal.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Portugal. For details on such projects please refer to the list of projects with beneficiaries from Portugal.

Overview of additional projects located in Portugal

Additionally 7 projects are located in Portugal but without the involvement of beneficiaries from Portugal. These projects correspond to a total of \in 67.7 million of CEF-Transport funding and a total investment of \in 315.1 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Portugal. For details on such projects please refer to the list of projects located in Portugal without beneficiaries from Portugal.

Key facts and figures

Overview of projects with beneficiaries from Romania

Beneficiaries from Romania participate in **42 projects** and receive **€985.3 million in CEF-Transport co-funding**, with investments in these projects of \in 1.2 billion. Out of these, 38 are located in Romania.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Romania. For details on such projects please refer to the list of projects with beneficiaries from Romania.

Overview of additional projects located in Romania

Additionally 2 projects are located in Romania but without the involvement of beneficiaries from Romania. These projects correspond to a total of \in 19.3 million of CEF-Transport funding and a total investment of \in 81.0 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Romania. For details on such projects please refer to the list of projects located in Romania without beneficiaries from Romania.

Key facts and figures

Overview of projects with beneficiaries from Spain

Beneficiaries from Spain participate in **137 projects** and receive **€909.9 million in CEF-Transport co-funding**, with investments in these projects of €2.8 billion. Out of these, 132 are located in Spain.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Spain. For details on such projects please refer to the list of projects with beneficiaries from Spain.

Overview of additional projects located in Spain

Additionally 5 projects are located in Spain but without the involvement of beneficiaries from Spain. These projects correspond to a total of \in 62.4 million of CEF-Transport funding and a total investment of \in 284.6 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Spain. For details

on such projects please refer to the list of projects located in Spain without beneficiaries from Spain.

CONNECTING EUROPE FACILITY (CEF) – Transport grants 2014-2020

Overview of projects with beneficiaries from Sweden

Beneficiaries from Sweden participate in **80 projects** and receive **€412.7 million in CEF-Transport co-funding**, with investments in these projects of €1.2 billion. Out of these, 75 are located in Sweden.

The amounts and charts refer to the actual (or final for closed actions) CEF Transport funding/investments of beneficiaries from Sweden. For details on such projects please refer to the list of projects with beneficiaries from Sweden.

Overview of additional projects located in Sweden

Additionally 6 projects are located in Sweden but without the involvement of beneficiaries from Sweden. These projects correspond to a total of \in 101.4 million of CEF-Transport funding and a total investment of \in 421.9 million. These amounts correspond to the total budget of those actions and not only to the share benefiting Sweden. For details on such projects please refer to the list of projects located in Sweden without beneficiaries from Sweden.
