

## **Annex: NGOs on the European Green Deal (NGO4GD)**

- *A compilation of summaries of projects from the LIFE 2020 Call for Proposals from NGOs on the European Green Deal (NGO4GD) can be found below.*
- *Projects are listed by the country of the project leader (coordinator).*
- *Full web summaries will soon be available on our [project website](#).*

### Belgium

#### **LIFE20 NGO4GD/BE/000002 LIFE Superlist Belgium**

*This project aims to reduce the negative environmental and health impacts of Belgium's food consumption patterns.*

#### **LIFE20 NGO4GD/BE/000041 LIFE4BelgianClimate**

*This project will strengthen Belgium's climate policy. The team will support European Green Deal targets with a specific focus on rail transport and aviation.*

### Bulgaria

#### **LIFE20 NGO4GD/BG/000012 LIFE EGD4BG**

*The team behind this project will strengthen WWF's role as a civic sector driver of climate ambition to help Bulgarian policymakers implement the European Green Deal at the national level.*

#### **LIFE20 NGO4GD/BG/000017 LIFE CE STARSEED**

*This project will encourage civil society in Bulgaria to have a more circular economy mindset. To do this, they will increase the public's knowledge of the circular economy and motivate them to become involved in the subject matter.*

## Czechia

### **LIFE20 NGO4GD/CZ/000018 REACH EACH**

*The team will enhance climate education and engagement, especially in schools and local communities in Czechia.*

## Germany

### **LIFE20 NGO4GD/DE/000028 LIFE ELLA**

*This project will set up a European Living Lakes Association (ELLA). ELLA will build NGOs and other stakeholders' capacity to manage lake regions and their catchments. The association will also help companies in lake regions integrate biodiversity into their corporate management.*

## Ireland

### **LIFE20 NGO4GD/IE/000025 LEGACY4LIFE**

*The team will aim at strengthening environmental and climate action in Ireland. To do this, they will improve the quality and biodiversity of water bodies, promote the implementation of the farm to fork strategy, and encourage green development in cities and rural communities.*

### **LIFE20 NGO4GD/IE/000033 DIRECT LIFE**

*This project will encourage civil society participation in the circular economy in Ireland through knowledge transfer and an effective digital communication strategy.*

## Spain

### **LIFE20 NGO4GD/ES/000003** **LIFE healthy planet diet**

*The project's primary goal is to support the EU's Farm to Fork strategy in Spain. The team will aim to increase awareness among locals on why a better diet is important for their own and the planet's health.*

### **LIFE20 NGO4GD/ES/000021** **LIFE GREEN PEDRERA**

*The team will boost educational programmes and local involvement at Natura 2000 sites and centres post-pandemic. They will also focus on reaching European Green Deal targets relating to climate change, biodiversity and farm to fork.*

### **LIFE20 NGO4GD/ES/000023** **EAT: LIFE**

*This project will promote a sustainable and wholesome diet for all. The team will also stimulate the role of education centres as essential for achieving environmental goals.*

### **LIFE20 NGO4GD/ES/000027** **PRIORITY AREAS**

*This project will conserve endangered species in various locations in Spain. The team will also foster cooperation with stakeholders and monitor past conservation projects.*

### **LIFE20 NGO4GD/ES/000035** **UP4CommunityEnergy**

*The team behind this project will increase knowledge on community energy among national decision-makers, regional activists and citizens. Activist groups will be established in five Spanish territories, while networking activities with existing initiatives in Spain will be carried out. Various training activities are also foreseen.*

## France

### **LIFE20 NGO4GD/FR/000026** **LIFE GD-FITOP**

*This project will raise awareness of European Green Deal priorities and develop education and capacity through policy engagement and digital communication.*

### **LIFE20 NGO4GD/FR/000046** **CoCliCo – LIFE of Poppy**

*The team will boost awareness of climate change and biodiversity among Evangelical and Protestant Christian communities. They will also strengthen the capacity for conducting field research and run engagement programmes at existing biodiversity protection facilities.*

## Italy

### **LIFE20 NGO4GD/IT/000011** **Choose LIFE**

*This project will raise awareness among citizens and encourage relevant institutions in Italy to achieve the targets set under the EU's Farm to Fork and Biodiversity Strategy for 2030.*

### **LIFE20 NGO4GD/IT/000014** **LIFE CLIMACTION**

*Enhancing the participation and contribution of civil society in implementing the Green Deal is the primary goal of this project. There will be a particular focus on students, schools, local authorities and companies.*

### **LIFE20 NGO4GD/IT/000020** **LIFE SALVAGuARDiA**

*The team behind this project will raise awareness of the negative impact of urbanisation, intensive agriculture, hydroelectric plants and dams, industrial activities, and mass tourism on the biodiversity and ecosystems in Lake Garda, Italy.*

### **LIFE20 NGO4GD/IT/000038** **LIFE in the city**

*This project's main objective is to design and test a participatory model of green urban regeneration for biodiversity conservation in Lombardy, Italy.*

**LIFE20 NGO4GD/IT/000045**  
**PUI4C**

*This project will promote the European Green Deal in Italy by raising awareness and improving national climate discussions. The team will also engage with decision-makers and civil society in the climate-neutrality debate.*

Latvia

**LIFE20 NGO4GD/LV/000013**  
**LIFE LFN4GD**

*The project aims to boost civil society participation in the European Green Deal, explicitly focusing on biodiversity and ecosystems.*

Lithuania

**LIFE20 NGO4GD/LT/000009**  
**LITPAS for LIFE**

*This project aims to prepare a proposal for a network of protected areas in Lithuania that can contribute to achieving EU Biodiversity Strategy goals.*

Luxembourg

**LIFE20 NGO4GD/LU/000048**  
**The Voice for Nature**

*The project's objective is to mobilise volunteers and build the organisation's capacities to raise awareness of the environment and nature protection.*

## Hungary

### **LIFE20 NGO4GD/HU/000037 NATUREMOB LIFE**

*This project will set up a volunteering movement on nature restoration and management activities. The goal is to connect citizens with nature and improve the conservation status of species and habitats in Hungary.*

## Netherlands

### **LIFE20 NGO4GD/NL/000010 NEWLIFE**

*The project's objective is to make the Dutch economy more sustainable, inclusive and transparent. The team will focus on green energy, biodiversity, circular economy, new wealth, transparent value chains and diversity.*

### **LIFE20 NGO4GD/NL/000034 Euro-Finance and Deforestation**

*The project aims to reduce pressure on tropical forests from soft commodities supply chains linked to the European market. The team will influence corporate decision-making at key companies' operations by engaging with European financial institutions and international civil society organisations.*

## United Kingdom

### **LIFE20 NGO4GD/UK/000019 SEALIFE**

*The team will raise awareness of the links between marine protection and blue carbon sequestration. They will aim at boosting both youth and coastal community engagement on the issues.*
