PSLF's objective includes

EC and EIB

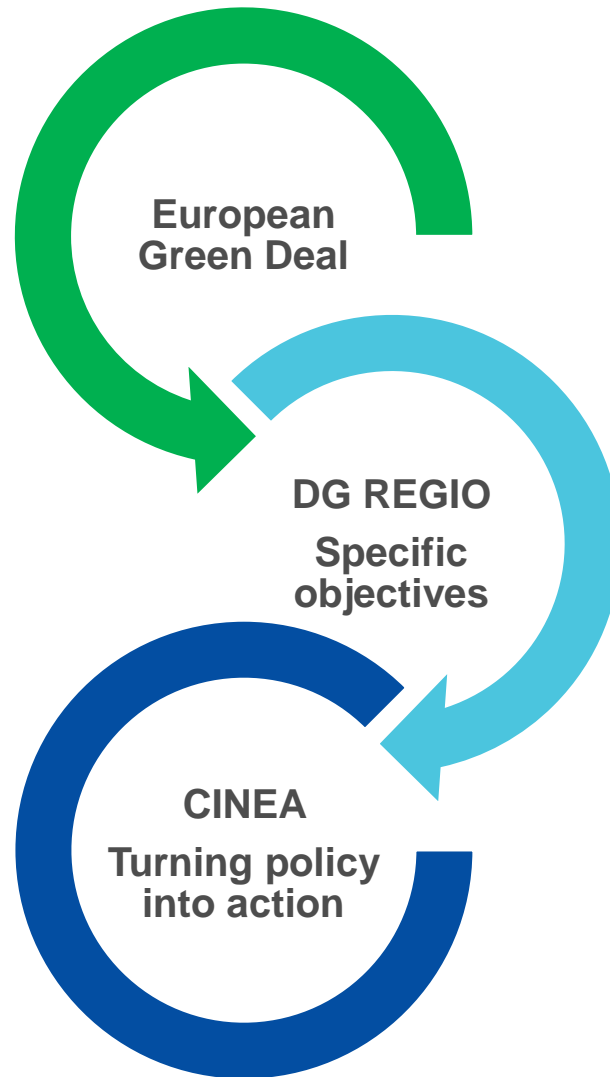

The European Commission (DG REGIO and CINEA) is responsible for the **grant component of the facility**

- Adoption of work programmes
- Call launch and evaluation process of the grant component
- Assessment of award and prioritisation criteria
- Award decisions and grant agreements through eGrants
- Monitoring of the grant component

The European Investment Bank is responsible for the **loan component of the facility**

- Assessment of applications in respect of the loan component
- Preparation and execution of financing agreements
- Monitoring of the loan component

Turning policy into action

DG REGIO and CINEA

DG REGIO defines the policy

- Defines strategy, objectives and priority areas/work programmes
- Assesses (jointly with CINEA) and selects projects
- Makes programme decisions
- Evaluates the programme and the Agency's performance

CINEA turns policy into action

- Assesses projects (jointly with REGIO)
- Manages the project lifecycle:
 - Organises calls for proposals and evaluations
 - Monitors technical/financial implementation of projects
 - Manages communication actions (Info Days, website, publications)
- Provides feedback on programme implementation for policymaking
