

Policy Context

Call for proposals on “Improving scientific knowledge to strengthen the science-basis of management decisions under the Common Fisheries Policy”

Annette HURRELMANN,

Head of Unit DG MARE C3 Scientific Advice and Data Collection

Brussels, 21 April 2023

Background of the Call

- The success of the CFP is dependent on the availability of scientific advice.
- Need to improve existing knowledge and to address growing demand.
- EMFAF supports an effective knowledge-based implementation of the CFP through the provision of scientific advice under direct management.

**EMFAF 2023
CALL FOR PROPOSALS**

**€ 2.6 million for
Scientific Advice
on Fisheries**

Deadline:
19 September 2023

#EMFAF

Challenges in Scientific Advice for Fisheries

Need for immediate scientific advice in a targeted approach and within a shorter timeframe

Need to improve existing data and to fill knowledge gaps

Increasing variety of fisheries conservation and management issues

Addressing capacity and resource limitations of advice providers

Thank you
